Claim Description: Price Protection on Price Declines Audit Time Frame: 1/1/24 - 6/30/24

To deduct for price protection on price declines, based on inventory on-hand and in-transit orders. In-transit orders are placed prior to the price decline, but received after the decline took effect. These orders were not included in the on-hand inventory, so they are listed separately.

If your records do not agree with our findings, please send us supporting documentation. If no response is received regarding this claim, it will be processed for deduction on a future remittance after 30 days of this notification.
